OUR STORY

As our name suggests, our philosophy is to prepare amazingly delicious artisanal pizzas & chef designed salads at today's expeditious pace.

As a company we aim to say goodbye to fast food as we know it & introduce a new fast casual experience using only the freshest & most authentic ingredients. From our homemade mozzarella to our locally grown vegetables, we strive to maintain the integrity & purity of most of our products.

Here at Veloce you decide!! Pick from one of our signatures or bring your own culinary creation to life. There is never a right or wrong combination. This is all an indication of our pledge to only use the finest, most healthful ingredients.

During the Veloce experience you will witness some of Naples oldest traditions. It all begins with the art of hand rolling of artisanal dough, the pulling of homemade fresh mozzarella & the hand crushing of our imported "San Marzano" tomatoes, a process one can only be justified by finishing it in our hand crafted 800° rotating oven. This all attributes to a product worthy to be considered a true culinary masterpiece!!
